About me

A year ago I became interested in web development and ever since I kept on learning new and exciting technologies. I am constantly developing my skills thanks to courses, searching for solutions on the Internet, watching videos, or reading official technological documentation. I am looking for a job that will allow me to use my skills and expand my knowledge.

Skills

- JavaScript
- React.js
- HTML
- CSS (CSS Modules, Styled Components)
- REST API
- Visual Studio Code, Brackets
- Git

Languages

English B1
Polish native
